vegetation renew the air and absorb CO2 emissions. This transforms our homes into bioclimatic homes, as we take advantage of natural resources and avoid high consumption of conventional energies.

All the homes are designed and equipped to meet high performance in terms of energy efficiency.

The golf course has 18 holes par 72, fully integrated into the landscape of the area. With its American design and Scottish molding, it is ideal for all levels and types of players.

The resort also has a Mediterranean food restaurant where you can enjoy fabulous Spanish cuisine and, of course, the star dish of our area, rice. Taste our meat, fish, rice and wine in the different rooms and terraces of the restaurant, where you can admire the beautiful landscape and enjoy the warm temperature.
